

Stakeholder Engagement for ESRS Reporting

Engage stakeholders, strengthen strategy, elevate your ESRS reporting

Why this eLearning course matters

Navigating the CSRD and the ESRS requirements can feel overwhelming. Stakeholder engagement helps cut through the complexity, making material issues clearer for reporting. This course shows you how stakeholder engagement improves disclosure quality and helps shape your organization's vision, objectives, and long-term strategy. While the CSRD and ESRS may change under the Omnibus Package, the reporting process remains largely the same.

What you will learn

- Showcase the value of stakeholder engagement in sustainability reporting and materiality assessments.
- Design an effective engagement strategy that aligns with ESRS requirements and organizational goals.
- Report confidently on ESRS stakeholder engagement disclosures.
- Apply lessons from case studies to strengthen your own stakeholder engagement practices.
