

CORPORATE REPORTING AS A DRIVER TO ACHIEVING THE SDGs **Business Leadership Forum**

Reserve your spot today. The first session begins online in March 2021

Collaboration between businesses and stakeholders is critical for mobilizing efforts and resources to deliver on the SDGs while building an inclusive and sustainable path to recovery after the pandemic. The forum aims to inspire businesses to come together to contribute to the SDGs while demonstrating commitment, accountability, and transparency through corporate reporting.

Knowledge building

Expert Guidance

Peer learning

Multi-stakeholder

Why Attend?

Reserve your place in the Business Leadership Forum and benefit from:

- the latest insights and learnings on best practices for collaborating with stakeholders to leverage corporate SDG reporting
- practical information on identifying and understanding stakeholder information needs
- showcasing your organization's commitment towards achieving the SDGs
- participating in a unique blend of learning, sharing, and relationship building with multiple stakeholder groups
- taking a leadership role and inspiring others to leverage the power of corporate SDG reporting to drive action towards accomplishing the SDGs
- being featured as a co-creator in a series of published summary of findings
