

GRI–TNFD Interoperability:

A Guide for Nature-Related Reporting

Master nature-related reporting: practical skills for your organization

Why this eLearning course matters

Nature-related risks are increasingly material to business success. Investors, regulators, and stakeholders demand transparent reporting on biodiversity impacts and dependencies. This course provides practical skills to integrate nature reporting into existing sustainability processes without duplicating effort.

What you will learn

- Explain why nature-related disclosures are essential for comprehensive sustainability strategies
- Apply the GRI–TNFD interoperability mapping to streamline reporting processes
- Strengthen organizational reporting to meet regulatory, investor, and stakeholder requirements
- Explain the interconnections between nature-related impacts, dependencies, risks, and opportunities

COURSE DETAILS

- **Duration:** 2 hours
- **Format:** Self-paced online learning
- **Language:** English
- **Prerequisites:** None
- **Certificate:** GRI Academy Certificate of Completion
- **Price:** €200
