

## A global community jointly advancing sustainability reporting

### Discover the value of the GRI Community to your organization

Join a global network of organizations committed to corporate transparency and gain access to learning, networking and profiling opportunities for your organization.

The GRI Community is an organizational membership network that facilitates practical learning and peer collaboration, raising awareness and enabling improvements in sustainability reporting practices.

#### Benefits of joining the GRI Community

- Access a year-round program of in-depth **learning and knowledge-sharing** on sustainability reporting topics and trends.
- **Engage** with a global network of sustainability practitioners and experts.
- Gain **profiling and communication opportunities** to showcase your organization's commitment and contribution to corporate transparency.
- Receive a **discount on fees for GRI offerings**, such as training, report services, leadership forums and events\*.

\*Depending on membership package

Membership is open to all organizations committed to driving improvements in reporting and corporate transparency.

The GRI Community's global and inclusive program will help your organization improve sustainability disclosure and accelerate progress towards corporate transparency, regardless of your company's size, sector, and/or level of reporting experience.

The Community brings together insights and best practice from experts and practitioners, leveraging collective knowledge to foster innovation.

Moreover, you will directly support GRI's mission and work to develop and update the GRI Standards and influence the global debate on corporate transparency.

*"During our 15 years of membership, the program has allowed us to establish relationships with other stakeholders, share learnings and build networks that today are essential to the new social and economic context in which we navigate. It is a pleasure to be continuing this journey together."*

Patricia Perez, CSR Manager, Abertis
